

## **10-year rot protection warranty for OrganoWood® modified timber**

### **1. Warranty certificate**

**1.1** OrganoWood AB provides a 10-year rot protection warranty on OrganoWood® modified timber for all consumer purchases (as defined by the Consumer Sales Act and the Consumer Services Act).

**1.2** The rot protection warranty means that OrganoWood AB guarantees that OrganoWood® modified timber will not be attacked by rot to an extent that its function fails during 10 years of use in Sweden. Accordingly, the warranty does not apply to mould or other fungus attack that may grow on the surface of the timber and is thus of a more aesthetic nature.

**1.3** The warranty means that OrganoWood AB replaces the attacked with timber with new timber to a maximum value of SEK 20,000.

**1.4** The warranty only applies if the installation instructions and the instructions for use according to OrganoWood®'s installation instructions on organowood.com are observed.

**1.5** In the event cutting, making holes and other minor processing is unavoidable, the processed surfaces must be treated with OrganoWood® 01. Protection: Flame and rot protection. The OrganoWood® warranty becomes void if any other processing is performed, e.g. cleaving or other longitudinal processing such as planing and shaping. For the best results, also treat visible end wood with OrganoWood® 02. Repellent: Dirt and water repellent.

**1.6** The warranty may only be invoked by providing the receipt for the timber purchase, liquid purchase and this warranty certificate from the place of purchase.

**1.7** The warranty applies for timber that is exposed to the weather and wind or condensation, but not for timber in contact with the ground or permanently in water. Examples of application areas are decking or facade timber.

**1.8** The warranty applies only to timber in use above the ground in installations at least 30 cm from the ground.

### **2. Contact**

In the event of questions concerning the warranty, please contact OrganoWood AB on:

OrganoWood AB, Linjalvägen 9, 187 66 Täby, Sweden  
+46 (0)8 6740080, info@organowood.com
